Drawing Workshops

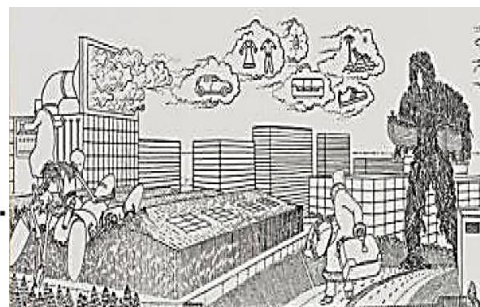

Inspired by Chad McCail's Exhibition

Common Wealth / Collective Health

Begins at 11:00 (arrive here for 10:45). Finishes at 15:30.

Materials will be provided - ;

Refreshments not included.

Holly Wickham from Serpentine Designs is a Grimsby based illustrator and muralist, I will be running workshops based on glass painting, centred around the large windows of the gallery. My intention with this is to extend the artwork inside the gallery and blur the lines between the landscape and the art inside. This will transform the gallery into a fully immersive environment. Inspired by the artwork of Chad McCail, the windows will depict scenes where the town takes on the struggles depicted, and fights back against the attacking monsters.

Working with the attendees, I will show how the environment around us can be used as both an inspiration and a canvas. Using a non-traditional work surface, the windows will not only reflect the artwork of the gallery, but also play a role in shaping the scenery around for those looking out, or in.
