BRITISH DIVERS MARINE LIFE RESCUE

Learn how to rescue seals, dolphins and whales!

Train with BDMLR and become a

Marine Mammal Medic

BDMLR is a UK based marine animal rescue organisation. We have nearly 3,000 active Marine Mammal Medics around the UK and are the only such specialist organisation covering England, Scotland and Wales.

Our BDMLR Marine Mammal Medic Course has been developed to educate and train members of the public on how to rescue stranded whales, dolphins, porpoises and seals. You do not need to be a diver and the minimum age is 18 years old.

The course consists of online lectures to be viewed prior to the course date, followed by a day of practical training using our life-sized (and weight!) whale, dolphin and seal models.

This is a full day course and the fee is £115. For this you will receive the online lectures, the day's training, one year's third party medic insurance, cloth medic badge, car stickers, a Medic ID card, a certificate and a copy of our internationally accredited Marine Mammal Medic Handbook, as well as your first year's subscription to BDMLR.

Please note that this is a dry course so you will not need a wetsuit/drysuit, etc. Refreshments are not included so please bring a packed lunch.

Arrival at 9:30am for the course to start at 10am. It will finish by 4pm.

WHEN:

Sunday 22 October 2023

WHERE:

**Enterprise Community Hall, Sutton on Sea,
Lincolnshire LN12 2LX**
